They say they have no reason to doubt that fully as many more have lost their lives off the line of travel.

MEXICAN REBELS GET AMMUNITION

Continued from page 1.

Under instructions to deliver it to Gen. Pancho Villa, the federal general, before reaching there they had heard that Parra had fallen into the hands of the Liberals, so they turned back, presumably taking the road toward Torreon, but became lost a little west of Escalon, where they were accosted by rebels, who experienced no trouble in making them prisoners and confiscating their ammunition.

Cred An Anti-Rebel.
It seems that, contrary to supposition, the so-called Cientista party is not back of the project to unseat Madero from the throne, and has not given any financial assistance voluntarily, according to a new light thrown on the surface today. The Banco Minero, it was claimed, had given voluntarily over \$500,000 pesos to Parra on the condition that he would take the rebellion. This is untrue, says Juan A. Creel, manager of the bank, in the following statement:

"Under our concession of banking, which we received from the federal government in the time of Gen. Diaz, the Banco Minero is not permitted to invest a single cent of its funds in a transaction the character of which is for political purposes. Our laws specifically state that it is illegal.

Protected the Loan.
"The Banco Minero had not paid a single penny of its funds to the Liberal government until the 12th day of April, when I, as manager of the bank, was compelled to pay 175,000 pesos, which was the sum apportioned as our part in the loan legalized by the state legislature. We remitted this sum in exchange for the bonds, but it was under protest. It was done in the presence of a notary public and a bank examiner and several witnesses and the minutes of the incident were taken down by the same notary. I have not taken any interest in political affairs since the fall of Gen. Diaz, and my ways have been and are today my warmest sympathy."

TWO AMERICANS IN CHIHUAHUA JAIL

Have Been There 47 Days, With No Formal Charge.

Two Americans, Anderson and Butler, have been in the jail in Chihuahua more than two months without knowing why they are there. When Powell Roberts was confined in the Chihuahua penitentiary, he says that the two Americans told him they had been confined in the prison 47 days without any reason being given for their arrest or imprisonment. They told him that they had been working in Parra but had quit there and started for the United States by way of Chihuahua. Upon their arrival in Chihuahua they were arrested on suspicion, they said. They had been forced to sell their clothes for food, and had stitched rags together to make caps and clothing.

SOLDIERS INSPECT GOODS AT STORES

Shipments For Juarez Are Examined Before They Are Sent.

A trooper of the 224 infantry is stationed at the wagon door of the Kraemer, Zork and Meyer hardware store to examine each shipment of goods intended for the Juarez side. The soldier has his side arms, but no rifle, and he inspects each package, which is sent from the shipping department of the hardware firm. It is understood that similar guards have been placed at the Elton-Payne arms company and the other arms dealers in the city.

BOND IS MADE BY GALLO AND ESPARZA

No more arrests have resulted in the case of the two United States soldiers, who with four others, are charged with conspiracy to ship munitions of war into Mexico, but some sensational exposure is expected in the case. Augustin Gallo, the former chief of police of Juarez, arrested Monday on a similar charge, and mentioned in the complaint as having given Masun a passport, made bond Monday afternoon. E. Esparza, held on the original complaint, also has made bond. Both are held in the sum of \$1000 for their appearance at the next term of the federal court.

MANY RUMORS, BUT NO FEDERALS FOUND

North Western Telegraph Lines Out of Commission Tuesday.

Rumors that federal troops are approaching Juarez are being spread in the city. One rumor has it that Gen. Sanjines, the federal general, is approaching from Ojinaga, and that a band of Yaqui Indians are hovering along the Sonora border west of Casas Grandes. Scouting parties are being dispatched from Juarez and from the Casas Grandes district to look into the reports, but so far have reported that no trace of federal troops can be found.

Telegraphic communication over the Mexico North Western road has been out of commission Tuesday and the company so far has been unable to locate the break. The break is thought to be local, as no other office can be called from the Juarez office.

MONEY ORDERS TO CHIHUAHUA STOPPED

None Will Be Issued and None Will Be Paid by American Postoffices.

Money orders issued in any town or city in the state of Chihuahua are not to be paid at any office in the United States. Neither are money orders to be issued in any postoffice of this country payable in any city in Chihuahua.

This order has been received at the El Paso postoffice from the postoffice department and is the result of information furnished by the director general in Chihuahua are in the control of the rebels. The order is effective in applying to all money orders issued after February 14, which remain unexpired, and all future orders drawn.

NO MORE EXPRESS OVER THE CENTRAL

No more express will be sent over the Chihuahua division of the Mexican Central railroad by the Mexican Express company, which is the Wells-Fargo company in Mexico, and the Wells-Fargo company is refusing to take any packages billed for points along this road. The local employees of the company say that they have received orders to discontinue the receiving of packages for transmission over the road. The company's contract with the Mexican Central is that the company will not permit them to use the company's lines except with the company in control.

The company is still operating over the Mexico North Western railroad.

"To Them That Hath"

A SHORT SERMON TO FAT FOLKS

"To them that hath shall be given," is a sentence that applied to fat people very neatly. It is common knowledge that once a human being begins to fatten up, to what they have already is added more than they want until finally a stage is reached where reduction must be made or decided disadvantage results.

Then comes forward the ages-old query, "Reduce—but how?" To the unfortunates who suggest itself—more activity. They contend that a more or less lengthy stage of dieting and exercising. So it may be said that fixed tabernacles in the land now undergoing the fattening-up process has his or her mental price of 15 cents, this sum being accepted for a case of tablets so well and generously filled that even one produces desirable results.

This is not an unenviable prospect, and so it is with considerable satisfaction that we announce the emanation of the fat nowadays one may reduce much or little, a pound a day if desired, or hold their fat in check, absolutely stationary, without doing a tap of exercise, missing a single meal, doing a particle of harm or causing a solitary wrinkle. All that's required, as hundreds testify, is the taking after meals and at bedtime of one Marmola Prescription Tablet, which tablets are sold by the Marmola Co., 737 Farmer Bldg., Detroit, Mich., or any good druggist, at the uniform price of 15 cents, this sum being accepted for a case of tablets so well and generously filled that even one produces desirable results.

ORCZO ANSWERS TAFT'S MESSAGE

Says Fountain Was Killed For Fighting Rebels With Machine Gun.

The following telegram was sent to president Taft Monday afternoon by J. Morales Guevara, in charge of the Mexican Liberal party's office in El Paso. He had translated it from the Spanish and it is understood that it was sent by Pascual Orcozo Sr., on request of his son, Gen. Pascual Orcozo, head of the Mexican Liberal party:

"El Paso, Tex., April 15, 1912.
"Mr. President William H. Taft.
"White House, Washington, D. C.:
"Fountain's execution was made because he was fighting on handling a rapid fire machine gun in the ranks without consideration of what nationality he was. We want the strongest possible friendship with your wonderful people and have no prejudices against it. We mail you full explanation in the matter."
"Pascual Orcozo, Sr."

REBELS TAKE OVER EXPRESS BUSINESS

The rebels now control the express company on the Mexican Central and began operating the line Tuesday morning when the Mexico Express company ceased to accept packages for transmission over the rebels' railroad line. The rebel-controlled express company is called the National Line Express company and will make its Juarez quarters in the central station, in the room formerly occupied by the Mexican Express company, which has moved into quarters on Comercio street.

TOM FOUNTAIN'S SON LIVING AT LAS CRUCES

Tom Fountain, who was killed at Parra by the rebels, has a son living in Las Cruces, Fountain formerly lived in Las Cruces and left his son there when he went to Mexico. He was there last summer on a visit with his mother, Mrs. A. J. Fountain, his sister, Mrs. J. E. Paxton, and Albert J. Fountain Jr.

CHINESE CONTINUE TO COME FROM INTERIOR

Chinese refugees from the interior towns continue to pour into Juarez on every train, on account of conditions in the sections in which they have been located. Monday evening's train from the south brought in about 20 and the Juarez Chinaman say that there will be more to arrive.

WOMEN GOING TO JUAREZ ARE SEARCHED FOR ARMS
